

THE PROTECTION YOU NEED. THE LOOK YOU WANT.
Level 1 - 8

UL 752 RATINGS

PERFORMANCE & AESTHETICS

Five Lakes Manufacturing's Bullet Resistant doors are manufactured with a special lighter weight (3'x7' Level 8 door weighs only 300 pounds) bullet resistant shield by R2P within the core assembly. Protection available up to Level 8 as defined in UL 752 ballistic performance standards. Our Bullet Resistant doors remain thin enough and light enough to seamlessly blend and function in many environments.
