

Natural Birch

www.fivelakesmfg.com

All of us at Five Lakes Manufacturing welcome you to our family of standard color factory finishes.

Our factory finished doors achieve the best overall door appearance and durability available.

Environmentally friendly UV cured finish to meet WDMA TR-8 and AWS System 9 is standard and is available in this popular range of colors.

Custom color matching is also available to fit your custom needs.

These color chips are a typical representation of the actual finish. Color variation from door to door due to veneers from different logs, color variation within veneers from the same log, and variations from heartwood and sapwood, can also cause differences in appearance from door to door and are acceptable. Samples for final approval are available upon request.
